## OUR FRIEND ROUNDABOUT

It's a pretty good sort of a horse that yields his turn in a barber shop to accommodate a late arrival who is in a hurry, but Roundabout saw a man in a Rockland barber shop, Wednesday, who kindly allowed three late arrivals to precede him, as they were in haste.

And Roundabout also saw a man default one cent from the accustomed dime, because the barber happened to be out of vasoline.

A Rockland truckman stood the sideboards of his jigger against the side of a building and went off on a job. When he came back the sideboards were right there where he left them, and he was mad. He'd like to know who nailed 'em to the side of the building.

Roundabout was riding with a well known citizen, one day recently, and as they passed one of the newly constructed residences in town the citizen checked his horse and thus spoke:

"I want to ask you a question. There's that new house there. It is a neat, tidy structure, evidently comfortable and well planned. The family occupy it and it is probably furnished neatly. But do you notice there are no front steps. A soap box does duty there. Now why is it that in most all new houses of that style the money and materials used in building them are not put in the front steps. You keep your eye open and see if it isn't so. I can show you houses in town that have been built two and three years, that still lack the front steps. Why is it?"

Answers are solicited.

A story is told about a county physician who is a great stickler for ventilation. He was called to attend a patient, and found him in a small room, both windows closed and the air close enough and fetid enough to sicken a well man. The physician opened the windows and told him that as he wanted them, left explicit directions to the people in charge to keep them just as he had left them. Calling the next day he found them both closed and the air again foul from lack of ventilation. The patient's lungs lay at the foot of the bed, and the doctor picked them up and said: "There's the way they were one at a time through the closed windows."

"There!" said he; "see if we can't have a little air here."

## QUITE A PENNY.

Handsome Sum of Money Left in the County by the Pickle Business.

F. S. Sherman of Camden, who represents the Hunker Hill Pickle Co., of Boston, reports that this year were five seasons for canning pickles. Last year shipments continued until Sept. 30, but he doesn't think they will hold out so long this season.

Up to Wednesday night the shipments for this year were five seasons for canning pickles. Last year shipments continued until Sept. 30, but he doesn't think they will hold out so long this season.

The farmers of Knox County will receive this year not far from \$10,000 cash for cucumbers.

## A Household Treasure.

D. W. Fuller, of Campharise, N. Y., says that he always keeps Dr. King's New Discovery in the house and his family has always found the very best results follow its use; that he would not be without it, if procured. G. A. Dykeman, Druggist, Catskill, N. Y., says that Dr. King's New Discovery is undoubtedly the best cough remedy that he has used in his family for eight years, and it has never failed to do all that is claimed for it. Why not try a remedy so long tried and tested. Trial bottles free at W. H. Kirtland's Drug Store. Regular are 50c. and \$1.00.

## Maj.-Gen. Hiram G. Berry

### A BIOGRAPHY

Written for the Courier-Gazette by Edward K. Gould

(Begin in No. 8. Each number can be had.)

XXX.

During Gen. Berry's absence on leave, his brigade took part in the Pope campaign and were engaged at Groveland and Second Bull Run, Aug. 29, and at Chantilly, Sept. 1, where the gallant Kearny gave up his life. General Kearny was one of those rare specimens of manhood to whom fate was an unknown quantity. He had served in the Mexican War where he suffered the loss of an arm in a desperate cavalry charge. Again, in the French army, he rendered conspicuous service, and at the breaking out of the civil war, he promptly tendered his services to the government. His brilliant career during the Peninsula campaign made him a prominent figure in the stirring events of those days, and he ultimately ended the Union cause of a brave and skillful general. Edmund Clarence Steieman in his poem, "Kearny at Seven Pines," makes this allusion:

So that mid-day light is still on his journey,  
That story of Kearny who saw not the day,  
'Twas the day when with Jackson, fierce Berry  
And Hillyer,

Against twenty thousand he rallied the field,  
Where the red volleys poured when the clamor rose  
High;

Where the dead lay in clumps through the dawn  
And the living in clumps through the dawn  
And the living in clumps through the dawn

No charge like that Kearny's along the whole line.

Returning from the disastrous Pope campaign, Berry's brigade was encamped for a few days at Hunting Creek, Fort Lyon, Fort Ward and Upton's Hill. In September Gen. Berry resumed his command. He was not in the best condition for the field, but the rest and quiet of home had improved his health, and he longed to be with his troops and share with them the perils which they were exposed.

In his journey to join his brigade, General Berry and his aid, Lieut. J. B. Greenhalgh, had a narrow escape from capture. They had forded the Potomac and reached the western side of the river, but the boat was captured by the Confederates. General Berry was taken to a tavern in a small town. Here there was much excitement, the Union army having left but a short time before Gen. Berry's arrival, and the place was swarming with Rebel sympathizers. Lieutenant Greenhalgh was feeling for the boat, but the boat was captured by the Confederates. General Berry came out of the tavern, and said that he did not like the appearance of things and that he had overheard that Rebels were expected. Miss Sophia Spofford of this city, who has been spending a few weeks with a friend Miss Julia Conway, in Camden, while returning from calling on friends Monday afternoon, fell on the Pearl street sidewalk. As they were unable to determine the extent of her injuries, and she was carried to Miss Conway's. Dr. Hart was summoned and soon discovered that her hip was broken. Miss Spofford is now recovering from the effects of age and at first suffered acute pain, but is now as comfortable as possible.

The police have been getting a lot of contraband stuff, of late. The big seizure at the Central House, Thos. C. G. mentioned last week, Tuesday. The day following the Marsh capture, the gallant officers of the law swooped down on Gray & Kavanagh's place, foot of Myrtle street, and got three barrels of ale, nine quarts of whiskey and a quantity of lager. It was found under the floor. Messrs. Gray and Kavanagh were a good deal astonished that the liquor was hid there and disclaimed all knowledge thereof. Probably some one hid it there when they weren't looking.

A number of ladies met at the library rooms Friday afternoon and organized a Current Events Club. Mrs. A. C. Mather was chosen chairman and the following officers were elected: Mrs. A. T. Blackington, President; Mrs. Peter Kennedy, Vice President; Miss Lottie Lawry, Secretary; Miss Nancy L. Burdick, Treasurer. Executive Committee, Mrs. A. J. Shaw, Mrs. D. N. McMillan, Mrs. F. C. Knight and Mrs. Abbie Hall. Voted to have an annual fee of \$2 and that the number of members be unlimited. All ladies interested in the line of work are invited to join this club and the next meeting will be at the library rooms Friday, Sept. 27, at 2 o'clock.

This club is an outgrowth of the afternoon address given at the residence of Nathaniel Jones a week ago by Mrs. Merrill of Boston. After the club is fully organized it is probable that Mrs. Merrill will again meet with them.

The Epworth league will give an entertainment in Pratt Memorial Methodist Church, Thursday evening next, September 19, for the benefit of Leroy Williams, the little blind boy. This little fellow is now ten years old. Three years ago he was playing about Sea street, groping his way about and almost absolutely uncared for. He had been blind from infancy, and was very poor and of course very ignorant even for a child, although naturally intelligent. The case coming to the attention of members of the Epworth League, they took him from the streets and getting authority to do so, placed him in the Kindergarten for the Blind at Jamaica Plain, Mass. There he has made rapid progress, and is now well and happy, and able to pursue various studies and employments which will fit him for a useful life. The Epworth League, the league have paid all his expenses, the money needed having been provided by voluntary contributions and one or two entertainments like that now announced, which are very largely attended. The object is to merituous an one that it is to be hoped that many will take this method of contributing to it. This will be a musical entertainment, by some of the best talent in and about Rockland, with several parts by actors from out of town who have never been heard here. The program will include selections by Miss Wealthy Hughes, the talented lady concertist, Joseph Cummings Chase, elocutionist, Mrs. Ada Mills and Mrs. Lillian Copping, vocalists, with other talent. Tickets are 25 cents.

Plans are being made for a first-class event, and what the Anderson Camp boys promise they most always mean some time very near the time. Watch for more detailed announcements!

**SMART PAIR.**

Papers Read and Needles Threaded Without the Intervention of Glasses.

This C. G. has had several references to Lucretia Pates, who resides at the Head-of-the-Bay. Miss Pates is in her totot year and is as smart and chipper as many ladies but half her age. A lady called on Miss Pates one day last week and found her sewing with out the aid of glasses. She threaded a fine needle while the lady was there, disdaining the aid of spectacles.

In the next house resides Mrs. Mary Hix, in her grand year, mother of O. P. and W. B. Hix of this city. Mrs. Hix is another smart old lady, reading without artificial aid.

**UNION'S FAST ONE**

**OF BEST QUALITY**

And Unlimited in Quantity Say the Quarrymen Who Dug the Union Limerock.

The crew which has been at work digging rock at the Bachelier quarry, Union, is through for the present. About 1000 cases were dug, which is to be burned in the Warren kilns.

John Titus of this city, an expert quarryman, who had charge of the crew, says that the rock is fine and that there is nothing better that lies under ground. The rock is soft, and they opened a vein of good wide, and possibly wider. There is a large supply of good rock that can be advantageously worked. There is a nice chance to dump refuse, to erect terraces and build kilns. It is possible that two kilns may be erected this fall.

The Live Oak Phosphate Company of Elwood, Florida, with offices in Boston are prepared to make good offers to agents for handling their goods in the east. Write to Box 1894, Boston.

The Mountain View Hotel, Camden, Me., F. O. Martin, proprietor, is now open for the season.

When a person begins to grow thin there is something wrong. The waste is greater than the supply and it is only a question of time when the end must come.

In nine cases out of ten the trouble is with the digestive organs. If you can restore them to a healthy condition you will stop the waste, put on new flesh and cause them to feel better in every way. The food they eat will be digested and appropriated to the needs of the system and a normal appetite will appear.

Indigestion frequently follows a wasting of bodily tissue because nearly all consumptive have indigestion. The Shaker Digestive Cordial will restore the stomach to a healthy condition in a vast majority of cases. Get one of their little four-ounce bottles and learn about this new and valuable remedy.

When the children need Castor Oil, give them Laxol—it is palatable.

## STEAMBOAT SPARKS.

Officers of the Rockland-Courtesy on the Part of the City of Bangor Force.

The Rockland has done the largest business in her history, this present season. Her officers are as follows: Captain, Nelson H. Weed; Pilot, E. W. Cook; 1st officer, J. H. Hanson; Engineer, J. Bassett; Purser, George W. Wheeler; Cook, Fred Jackson; Mr. Wheeler, who has recently been promoted to the position of purser, is a Rockland boy. He has been connected with the line for seven years, and is a capable and reliable young man. He is attentive to his duties and courteous to the passenger, and is greatly liked. Mr. Hanson, the first officer, has been connected with the Rockland & Bangor Co. for more than twenty years, and like the other officials of the boat, from Capt. Weed, down, is thoroughly competent.

The City of Bangor brought a big list of passengers down river Thursday. This half-way boat continues to hold her popularity, and this is due not alone to her make-up as a boat, but to the uniform courtesy of her officers, Capt. Ingraham, Purser Hanson, Steward Pote and the rest. One year ago we had occasion to mention the courteous extended a lady and her children by Mr. Pote and Thursday evening a similar instance was brought to our notice. It is a good official that extends courtesies when asked for help, but it is a rare man that fathoms a person's needs and extends the help wanted without being asked. Mr. Pote is as efficient and courteous as he is handsome.

Steamer Juliette now makes three trips a week to Ellsworth. She will leave Rockland on arrival of steamer from Boston every Tuesday, Thursday and Saturday about 6 o'clock a. m. for Ellsworth, Castine, Little Deer Isle, Sargentville, Deer Isle, Sedgwick, Brooklin, So. Bluehill, Bluehill, Surry and Ellsworth; returning, leave Ellsworth Monday, Wednesday and Friday, at 6 o'clock. Surv at 7, touching above points. Connecting at Rockland with Boston & Bangor Steamship Co. for Boston same day.

The Frank Jones will enter upon her two-trip week arrangement tomorrow, as follows: Will leave Rockland, weather permitting, at 6 a. m. on Wednesdays and Saturdays, for Ellsworth, Castine, Deer Isle, Sedgwick, Brooklin, So. Bluehill, Bluehill, Surry and Ellsworth; returning, leave Ellsworth Monday, Wednesday and Friday, at 6 o'clock. Surv at 7, touching above points. Connecting at Rockland with Boston & Bangor Steamship Co. for Boston same day.

Soldiers Who Are Joyfully Entertained  
by Union's Local Citizens—Resolutions  
of Respect—Head of the Lake School  
Association in His Usual Good Time  
—The Wentworths.

The annual reunion of the Fourth Maine Regiment and Second Maine Battery Association was held with the Grand Army Post in Union Thursday and like all these gatherings there was nothing wanting to make it a complete success. Several hundred veterans were in attendance, an especially large delegation coming from this city and vicinity by means of the Georges Valley's special excursion.

At Union the committee received a hearty welcome from the local post and people in general. Selection Robinson and Commander Newland delivered addresses of welcome. C. D. Jones responded in a usual happy manner and the association was then ready to do justice to the excellent dinner which had been prepared in the Grand Army hall by the Ladies' Relief Corps with generous contributions from Union's hospitable folk. After dinner there was a band concert on Union Common and the business meeting of the association was held, the different officers endorsing their reports. That of the treasurer showed a slight balance the wrong way but the boys passed around the hat and it was wiped out with commendable interest.

In behalf of Edwin Lilly Post of this city Commander Simmons extended an invitation for the association to hold its next reunion in Rockland and at the same time the subject was broached of making this city the permanent place of these gatherings. It was voted to accept the invitation and the question of expediency will then be decided.

The following officers were elected: President, George F. Thibault; vice president, Col. L. D. Carver; Fourth Maine C. D. Jones; Second Maine Battery; secretary and treasurer, John Turner; secretaries of companies, A. Llewellyn Lincoln; B. John Titus; C. O. J. Conant; D. Edward Hall; E. Almon Hall; F. William C. Rogers; G. Zedley W. Young; H. John H. Thomas; I. Clifford Whitman; K. Adolph A. Daily; secretary of the battery, Charles E. Ames.

Mrs. Herbert Hawes, president of the Woman's Relief Corps, delivered an able address which was greeted with applause.

The committee on resolutions reported the following on the death of Gen. Tillson.

Whereas, It has pleased our supreme and all-wise commander to transfer from us our much loved and esteemed comrade, Gen. Davis Tillson to that immortal army that we are destined soon to join, that has crossed the silent river of death and is now resting its final rest in God's eternal embrace;

Resolved, That in Gen. Tillson was found all of those qualities of heart and mind that make up the volunteer soldier. Entering the service a trained man, leaving a brave and true patriot, he leaves behind a record of unselfish patriotism that will endure so long as the history of the late civil struggle shall survive.

He is a patriotic soldier as commander of the Second Maine Battery, as chief of art

illery of the first army corps and as a brave major general of volunteers, are a source of pride to his comrades, and have added imperishable lustre to the military record of our noble state.

Resolved, That we have watched with pride his prosperous career in civil life, have partaken of the bounty of his generous nature, and now, delight to direct attention to the many public-spirited acts which have ever marked his course as a son of Maine, and as a citizen of this great republic. We mourn his loss, and as one dead, for such as he never die in the fond recollection of a grateful people, but as one gone for a little time apart from us. His untiring energy, his sagacious foresight in the management of vast interests, and his phenomenal success in business life all mark him as a man of wonderful intellectual power, whose genius can best be comprehended by his results.

Resolved, That his hand was in every good moral work and he was an uncompromising and outspoken foe of those vices and their promoters that degrade, impoverish and drag down his fellow man.

Resolved, That these resolutions be added to the records of this association and a copy of them be presented to the family of the deceased.

JOHN H. GORDON,  
CHARLES D. JONES,  
NATHAN BACHELDER.

The Wentworth reunion was held at the pleasant residence of Admiral Wentworth in Rockport near Simonton, Wednesday. Extensive preparations were made by the two brothers Admiral and Joseph Wentworth who live near together to accommodate a large number.

Tables were made under shade trees and places for horses in the grove. The weather was unkind in the morning, but at nine o'clock the sun shone out and many started but not all who had contemplated going. At eleven o'clock it began to rain slowly and continued for an hour or two. In the meantime about 175 had arrived filling both the grove and the house.

Small tables were set in nearly all the rooms and groups of jolly ones unloaded their baskets and supplied their demanding appetites.

At 1 p. m. the clouds dispersed and the day of smiles dawned in all its glory. The moisture upon the grass soon vanished and all assembled in the grove where platforms were erected and the grove was prepared for the event.

The president, F. J. Gushue called to order and the entertainment opened with music, by an excellent choir from Rockport, the organist being Mrs. H. H. Maguire and the director, C. M. Kibbles.

Mrs. M. C. Kibbles, Mrs. M. C. Smith of Rockland, and Mrs. M. C. Smith of Rockland, were the soloists.

Then followed readings by Miss Annie Thorne, Mr. N. C. Macey and Mrs. E. W. Smith with choice music at intervals.

Two young girls, Gerie and Eva Christie of Rockland, Mass., sang a charming duet in which they were joined by a quartet of four young women.

The grove ring with laughter. Mr. Kibbles cut out music upon a harmonica which was arranged near his mouth that he could play upon it and have both hands free to manipulate the keys of the organ.

Remarks were made by Rev. G. A. Miller formerly of West Rockport and by F. W. and M. C. Smith of Rockland. The officers for the coming year are as follows: President, Chester Wentworth of Rockport; vice president, Joseph Wentworth, Simon Wentworth and F. J. Gushue; secretary, Mrs. Jesse I. Wentworth of Appleton; treasurer, Marcella Wentworth of Hope; committee of arrangements, Mr. and Mrs. Simon Wentworth with as much help as they choose; ordinary committee, F. W. Smith. It was voted to meet next year the second Wednesday in September at the residence of Lincoln W. Wentworth.

If stormy the next fair day. Among those who have crossed the silent river since the last reunion may be mentioned Mrs. A. A. Gushue, Mrs. Martha P. Smith, Mrs. Anna A. Spear, Mrs. Cora Kimball, Warren Storer, Angie and Fred Fugler. No doubt there are several others of whom we have not heard.

A vote of thanks was passed to the Wentworth brothers and their good wives for the unwearied pains they had taken to accommodate so many visitors.

It was a royal good time.

The Head of the Lake School Association held its eighth annual reunion at the school house, Tuesday, Sept. 10, which proved to be a very pleasant occasion. The exercises in the afternoon consisted of music by a choir, a song by Mrs. Lillian Wentworth, reading by Alice L. Cole, song by Gerie and Eva Christie, duet with violin and organ by Oscar Gould and Mrs. T. J. Gushue. Interesting remarks were made by the president, W. J. Robinson, T. J. Gushue, C. W. Gushue, D. A. Miller, Mrs. Vezar, and others. The following officers were chosen for the year ensuing: President, Wm. J. Robinson; Vice President, T. J. Gushue, Charles Wentworth, Jesse Wentworth; Secretary and Treasurer, Mrs. W. A. Hall; Committee on Obituaries, Mrs. D. M. Cole.

The committee on music was re-elected with three additions, making six—Oscar Gould, Mr. and Mrs. T. J. Gushue, Jesse Wentworth, Charles Wentworth, Lewis Young, Mrs. C. H. Jones was re-elected committee on arrangements. The committee on entertainment consists of Alice L. Cole, Jessie Wellman and Myron Wentworth.

Adjourned to meet next year, same date, same place, which will be the second Tuesday in September.

(Written January)

The summer days are over,  
The fall has come,  
It brings the cold and the frost,  
It brings the wind and the snow,  
It brings the rain and the sun,  
It brings the joy and the sorrow.

And now we come to the parting,  
Now every breath is sighing,  
Now all is sad and lonely,  
Now the heart is full of pain,  
Now the tears are falling fast,  
Now the world is full of rain.

Now our parting is complete,  
But better and more than before,  
In the memory of that day when we met,  
When the "H. B. B." was here.

Oh, how I shall miss you,  
Will you ever come again?

The hall is 40x30, is frescoed in soft pleasing tints of cream and heliotrope, illumined with gold and having emblem of the order depicted in colors of the degrees at each station. It makes one of the most prettily decorated halls in Knox county. The emblems are exceptionally fine and pieces of decoration. Each of the emblems is painted on a shield, one being the figure of a headdress with ax, nearly life size. Others are shields with battle axes, spears, hawks, etc., with the letters "G. T. & U." Tuesday morning was the date made with steamer Silver Star for a trip to Camden. About 45 in all took passage. On the arrival backwoods drove to meet the party and we started around the mountain. We had a very obliging driver, Mr. Ed C. Higgins, who kindly answered all questions. We took the tour around Megantic and Beatty mountains and the Turnpike. Our driver pointed to a white cross on one of the mountains and although it is an old story to people in that vicinity, it is new to some of us, so we'll give it as he gave it to us. The cross was erected on a high, rugged bluff, I think about 1000 feet from the sea level. About 25 years ago a young lady by the name of French, with friends, had by hand tolling ascended this bluff, and as it was near her wedding day, she was looking for some choice vines growing just over the edge of the rocks. The wind was blowing quite strong and as she reached over, it is thought a flaw of wind came and she fell. As the rocks were almost perpendicular and no trees in her way she fell to the bottom of the bluff, killing her instantly. The cross was erected to cast a gloom over the whole party as we watched it, so white and silent, reminding the traveler of the terrible tragedy. Coming to French's Beach we saw the home of the unfortunate young woman.

We rested our horses for lunch at the so-called "Havilion," and finding an old door we can't help feeling a little pride in the captain as he is one of our boys and will do we remember his boyish infirmity of taking the cream off his best pan of milk, and how we loved it. The captain is a very good fellow and we are all very glad to see him. He was about 14 when he was about 14. We often remind him of it now. But now he has gotten to be a smart captain and owner of a steamer and well respected, he probably has all the cream he wants, but possibly it doesn't taste as rich as that which he took without permission. That is the worst we ever heard of him, otherwise he is a first-class fellow.

We stopped at a few of the stores in Camden for some quick knicks, but we were so literally covered with dust that we were ashamed of our faces and clothes. We hope no one noticed us. The hour 3:30 p. m. saw us landed at home.

The wedding of Miss Edna Knowlton of Sunset to Fred Henry of Portland last week has been the longest talk of event. It was a very pleasant, pretty wedding. The bride was dressed in white, and the groom in a suit of dark cloth. The ceremony was performed by Rev. Mr. Richards under a wedding bell of evergreen and sweet peas. A wreath of ivy and sweet peas was carried by the ring bearer. The ceremony was performed by Rev. Mr. Richards under a wedding bell of evergreen and sweet peas. ## NEW CAMDEN DEVELOPMENTS

People Alive to Opportunities Of-  
fered And Are Pushing Things.

Carriage Drive to be Constructed to the  
Top of Mount Megunticook—Certain  
Things Needed in Town to Attract  
People Thither—Camden Land Com-  
pany and Its Work.

The work of the Camden Land Co. in de-  
veloping Camden Highlands has had its ex-  
pected influence on the general life of the  
whole town, and as a result there is a more  
marked confidence in the town's future and  
more settled belief that Camden land is of  
more value than land in less favored places.  
One of the direct results of this feeling is a  
movement to organize a company to con-  
struct a carriage road from Belfast Road west  
to the top of Megunticook, and up as far as  
Hill Rock, Lincolnville. It is estimated  
that such a road will cost about \$5000. A  
paper is being circulated for stock takers and  
a liberal amount of stock is being thus disposed  
of. It is proposed to make it a toll road, and  
men experienced in such matters say that it  
will pay its per cent on the investment.

A number of other attractions are needed.  
Among them there is talk of a big loop to  
take visitors out daily. There is also need  
of a large boat with plenty of pulling  
boats, canoes and sail boats to let. Pulling  
boats should be placed in Megunticook stream  
above the mills. A yacht should be kept for  
letting in the harbor all summer. A tally-  
ho coach for the top of the mountain, to connect  
with the electric and boats would be a prime  
feature. Another crying need of Camden is a  
first-class fish-house where Camden residents  
and visitors can get live lobsters, fish  
chowders and the like without the necessity  
of a long ride to Owl's Head. A deer park  
and an aquarium would prove powerful at-  
tractions. Golf is the coming fashionable  
summer sport, and Camden should lay out  
golf links. Tennis courts should be con-  
structed and tournaments held. Bath houses  
for hot, cold, steam and salt water baths are  
needed, and a casino should be constructed  
this season.

This all seems very fanciful perhaps, but  
the Camden Land Co., which has an office  
over the Herald rooms, is having many ap-  
plications for lots on their property, and is  
quietly but powerfully pushing things. There  
is no doubt that the Camden Land Co. will  
bring about many of these desirable things by  
another year. The past season has seen  
more visitors in Camden than ever be-  
fore, and with the improvements promised  
next year will see yet a larger influx.

in furnishing a Mason who can acceptably fill it.

## HOME HAPPENINGS.

The Men-Lavry house on Grace street  
is being repaired.  
G. F. Kaler is making a set of blocks for  
the new schooner building in L. L. Snow &  
Co.'s yard.

A young son of A. S. Niles, South Main  
street, fell from a tree Tuesday, receiving a  
fracture of the collar bone.

The improvements to the waiting room at  
Emma Dyer were accidentally postponed  
from eating lobsters, it is thought, Wednes-  
day. They received treatment at this point  
from Marine Surgeon F. B. Adams.

Charles A. Jones' new house on the Beech  
street extension is up and being boarded. It  
is in an excellent location and it seems only a  
question of time when the vicinity will be  
the site of a number of handsome residences.

The Franklin street sewer is being hurried  
along by the contractor, W. Sullivan. It  
had been built about his house. James  
Robinson has greatly improved the looks of  
his Franklin Street property—There are now  
15 guests at the county jail.

The Simpson House at Owl's Head closed  
next Tuesday after a season which Landlord  
Wakefield's enterprise has made a thorough  
success. Nicely located and well kept, there  
is nothing but a pleasant resort should not con-  
stitute a landmark for years to come.

Raymond Eaton has been elected treasurer  
of the Rockland Wheel Club in place of S.  
Arthur Macomber, resigned. The club is  
increasing its membership and getting in  
line for the state meet here next fall.  
At least let us hope it will come here.

Leary, the young son of Fairfield Porter,  
residing on Shaw avenue, while playing with  
comrades about C. A. Rose's new house on  
the Beech street extension, Tuesday, fell into  
the cellar, a distance of 15 feet. He re-  
ceived quite a severe gash in the head requir-  
ing three stitches and a band jarring up gen-  
erally.

R. H. Durpee and wife have returned from  
Crescent Beach for the season although they  
expect to occupy their handsome new cot-  
tage there from time to time until cold  
weather prevents. The season at Crescent  
Beach has been a delightful one and the  
colony of vacationers an extremely social and  
harmonious one. Capt. Henry Pearson and  
his family linger at Cottage Lookout re-  
luctantly to abandon their pleasant outing  
place.

At a meeting of the school board Wednes-  
day evening George E. Kenney of East  
Saugus, Mass., class of '90 Boston University,  
was elected principal of the High School to  
fill the vacancy occasioned by the resignation  
of Mr. W. C. Gaskin. There were numerous other  
candidates despite the short time since Mr.  
Lauder decided to leave. Miss Lucy Rhodes  
was chosen teacher of the French school and  
Miss Margaret Flanagan will look after the  
Warren street primary.

Rockland will be represented in the Maine  
colleges this term as follows: Bowdoin, Wil-  
liam W. Spear, and at the University of  
Maine, S. Osgood Andrews and J. E. Rhodes.  
Maine State, Davis Achorn, W. C. Robinson,  
Cyrus W. Crockett and Gardner H. Miller;  
Colby, T. Raymond Pierce. Spear will play  
right guard for the Bowdoin football team  
and went to Brunswick Thursday in order to  
begin practice. Bowdoin has secured Mackie  
of Harvard for her coach and feels confident  
of winning the state championship this year.  
Spear was a member of that eleven last year  
and put up a great game.

Next Wednesday, Sept. 18, is the date of  
Kimball's fifth annual excursion to Quebec  
and Montreal and the big yellow posters al-  
ready posted on the walls of the city are  
out being able to do them half justice. Last  
year there was a large train load of excursion-  
ists and such was the delightful time they had  
that a reunion was held in Portland during  
the winter and a Quebec club formed. Miss  
Helen York of this city, president of that club,  
and others of the large delegation who have  
been in Canada on their excursion will be  
too glad to impart valuable information to  
those who contemplate going next Wednes-  
day.

Rockland's favorite actor, Mr. Thos. E.  
Esh, with a company specially selected by  
him, will play an engagement at Farwell  
opera house this week, on Thursday, Friday  
and Saturday evenings, September 19, 20 and  
21, with a Saturday matinee for ladies and  
children. The plays to be presented on the  
three evenings respectively are, The Fire  
Patrol, Richelieu, and The Snare of New  
York. Esh is in a professional sense, a  
first class actor and his company is the  
finest played here several years ago, when a  
young man, and made a hit from the first.  
He has continued his visit regularly, and is  
always received with favor and draws large  
audiences. He has grown to be one of the  
best actors on the American stage, and has  
every year enlarged his company, which com-  
prises some of the best talent in the theatre  
and comedians of fine ability. Popular prices.

Mrs. William Robertson has returned from  
a visit in Waidoboro—H. M. Sanborn is  
home from Boston—Mrs. Walter (Jennie)  
Pulbury is the guest of Miss Carrie  
Pulbury—Eugene Moffitt and son Calie  
returned to their home in Readfield Friday  
morning—Mrs. Orrin Blackington is visit-  
ing her cousin, Mrs. Thomas Lyons, in East  
Boston—Mrs. Franklin Robinson has re-  
turned from a visit in Jefferson—Mrs.  
Dunham from Boothbay is the guest of her  
daughter, Mrs. Artemus Tibbets, Grace street  
—E. W. Singleton, who has been the  
guest of Mrs. Pulbury Johnson, has returned  
to his home in Marlboro, Mass.—Mrs.  
Eleanor Ous of Worcester, Mass., is visiting  
in this city and Thomas Ous, a student  
Tibbets has moved from 46 Grace street to  
the A. H. Ulmer tenement, same street—  
Miss Myrtle Young is visiting in Hyde Park,  
Mass.—Mrs. Warren Achorn, who has been  
visiting her brother, R. G. Robinson, Grace  
street, left Saturday for her home in Law-  
rence, Mass.—Mrs. Frank Sacker, who has  
been visiting her old home at the Meadows,  
has returned to her home in Providence.

Boston Ideas is the title of an illustrated  
paper that reaches us. It is a bright publica-  
tion devoted to drama, music, art, literature  
etc. We doubt somewhat if Boston men  
publish it. The average Boston man wouldn't  
attempt to limit Boston ideas to a small week-  
ly publication.

The Mount Lebanon Shakers recently per-  
formed a great deed of charity, although it  
was not designed as an advertising scheme.  
It however resulted in great good just the  
same. They gave away 1,000 bottles of their  
Digestive Cordial to those suffering from  
stomach derangements.

It was so effective in curing those who  
used the remedy that they were found in their  
praises of it and in consequence a large de-  
mand for the cordial was at once created.  
The druggists of this town have little books  
that tell all about it. Digestive Cordial  
creates an appetite, aids digestion and brings  
about a rapid increase in flesh and strength.  
Lead in the system is a valuable cause of  
ill. Just the thing for children.

## SUNDAY SCHOOL CONVENTION

Vinehaven Proves a Right Good  
Place for the Gathering.

Union Church Prettily Decorated—  
Warmly Welcomed and Royally En-  
tertained—Papers and Discussions of  
Rare Value and More Than Passing  
Interest—Officers Elected.

Wednesday morning, notwithstanding the  
fog, clouds and winds, a delegation of over  
60 embarked on board the Gov. Bowditch for  
the Knox county Sunday School Convention to  
be held that day in Vinehaven, and after an  
extremely rough passage but in good  
spirits and with bright anticipations landed  
upon that picturesque island.

The Union church, where the convention  
was held is a large, pleasant structure, taste-  
fully finished and furnished and rendered un-  
usually attractive at that time by the beau-  
tiful floral decorations that charmed the eye  
and filled the room with grateful fragrance.

After a refreshing season of prayer, a cor-  
dial welcome expressed in graceful and ap-  
propriate words was extended to the com-  
pany by the Rev. W. C. Gaskin pastor of the  
church. This was responded to by the gen-  
eral president, who not only expressed the  
gratitude of the convention but gave wise  
counsel to the church urging the good laity  
to come to the meetings if, to make it possi-  
ble, they were necessary for all to eat cold din-  
ners.

The first paper on the program was upon  
"Home Work," by Rev. H. B. Woods of  
Rockport. This was not only an able pa-  
per in the abstract, but it brought before the  
convention a much needed and much ne-  
glected department of Christian helpfulness  
and growth.

Rev. T. E. Brastow, the corresponding  
secretary, gave a vigorous, soul-stirring report  
in which the church was urged to exert  
themselves to bring about term organizations  
of the Sunday schools in order that the small-  
er schools may be encouraged and helped  
through the conventions and by being brought  
in touch with the stronger schools, and Sun-  
day school workers. The time devoted for  
the discussion of this subject expired just as  
the delegates had entered into the spirit of it  
much to their disappointment.

After listening to a duet a paper upon the  
"Primary Department" was read by Miss  
Clara Hosmer of Warren, who told how  
she taught her class. As it takes unusual  
gifts, amounting almost to genius, to teach  
small children, it is about as impossible to  
tell how to do it successfully. After hearing  
this most excellent paper questions were  
asked and different methods of conducting  
the infant classes discussed.

Rev. F. M. Preble of Camden gave a prob-  
able address upon "Every Teacher an Evan-  
gelist." When we hear of an evangelist we  
involuntarily think of Phiney, Moody, H. H.  
Fay Mills. An evangelist is a bringer of  
glad tidings. Every teacher should aim to be  
a bringer of glad tidings. Every possible  
means should be used to gain and hold the  
child's attention, then fit the teacher to teach  
the bible. Train their moral faculties, train  
them in church business, teach church history,  
but let all wait for the teaching time to lead  
to the Saviour of sinners. The teacher must  
use policy, must use persistence, must use  
his own personality, must possess the gift he  
would impart bestow, and persevering prayer.

Mrs. Khair Allah, a gentle mannered, sweet  
faced, motherly woman from Damascus, Syria,  
next spoke about Allah (this is one word  
and pronounced Karullah) is a widow who at  
present is in our country studying medicine in  
order that she may return to her native land  
and teach her sisters about Christ, as by being  
allowed to visit them in their distress she can  
get access to many she never could otherwise  
approach. Her three children are in school  
while she is here, and by selling Syrian needle  
work she is earning money to pay for their  
education.

Mrs. Khair Allah impresses one as having  
not only rare gifts of mind, but what is far  
better, having the gift of the holy ghost. Her  
address was unimpeachable but quite often  
many eyes filled with tears as every christian  
heart responded to her words with keen sym-  
pathy. With her upon the platform were two  
women and one man dressed in Syrian cos-  
tume. Mrs. Khair Allah in simple words told  
about her work among the children and  
women of Syria, and everyone was sorry when  
she was through.

The election of officers resulted as follows:  
President, Rev. J. W. Wells, Union; Secretary,  
Rev. T. E. Brastow, Rockport; Treasurer,  
Deacon Edward Brown, Thomaston; Execu-  
tive Committee, L. S. Robinson, Rev. W. O.  
Holman, Mrs. R. C. Hall, Mrs. C. W. Brad-  
ford, Rockland, W. J. Robinson, Rockville,  
Geo. H. Gardner, Thomaston, Mrs. M. H.  
Rich, Camden. The vice presidents will be  
chosen by the executive committee.

The feature of the evening service was a  
splendid address on "The Heart of Sunday  
School Work," delivered by Rev. F. S.  
Hunnewell of Whitman, Mass., formerly of  
Warren. He discussed the subject to some  
length but each paragraph brought the mat-  
ter out in a fair minded light and many prac-  
tical suggestions were embodied there of  
which those present made mental notes.

The third annual Maine Epworth League  
convention was held Wednesday and Thurs-  
day of this week with Pendexter Chapter,  
Westbrook, Pratt Memorial Chapter of this  
city was ably represented by L. S. Robinson,  
Mrs. C. W. Bradford and Mrs. Rebecca  
Ingraham, who in accordance with previous  
instructions from the chapter presented an  
invitation to have the next state convention  
in this city. Rev. C. F. Phelan, formerly at  
Camden but now located in Westbrook  
delivered one of the addresses of welcome  
and Rev. C. S. Cummings was one of the  
most interesting speakers. The subject of  
Mr. Cummings' address was "Wasted Energy,"  
and it goes without saying that he had no  
more interested and attentive listeners in the  
audience than the three members of his  
former congregation in this city.

## Experience the Best Teacher.

The great value of Dr. David Kennedy's  
Favorite Remedy in curing diseases of the  
blood, particularly the ills of women, has  
again been demonstrated. Mrs. W. J. Under-  
son of Hays St., Kingston, N. Y., in speaking  
of her experience, says: "I was an awful  
sufferer from trouble. My system was  
reduced to 70 lbs.; four physicians prescribed  
for me, but I kept growing worse. Until I be-  
gan the use of Dr. David Kennedy's Favorite  
Remedy I never knew a well day. By its use  
I grew stronger, the pain less frequent, until  
it entirely disappeared. I now weigh 125 lbs  
and am a well woman. I must know a dozen  
women who suffered similarly and have been  
cured by its use."
